

Measured Solutions *from the Experts*

About Us

Group Four is a worldwide leading supplier of force, torque, pressure and weight data collection instrumentation, custom sensor systems and calibration services for over 25 years. We proudly offer a wide selection of load cells, mounting hardware, torque cells, force and pressure sensors, torque gages, pressure transducers, pressure gages, digital instrumentation, hand-held units, and custom test stands. Optional Network (IIoT) and PLC connectivity are available, depending upon the application.

Industries Served

Aerospace

Industrial Automation

OEM's, Machine Builders,
Systems Integrators

Agriculture

Materials Testing

Oil and Gas

Automotive

Medical & Healthcare

Scale Manufacturers

Weight & Force Measurement

Load Cells

Single Points

S-beams

Single ended beams

Double Ended
Beams

Planar Beams

Canisters

Digital Load Cells

Weigh Modules

Custom Sensors

Load Force Sensors

Insert Force Sensors

Wireless Load Cells

Torque Measurement

Pressure Measurement

Pressure Transducers

Pressure Gauges

Displacement Measurement

Calibration Service

We provide precision calibration services for load and torque sensors as well as those for pressure. Some of the specific instrument calibration services and applications we offer include scale calibration service, strain gauge load, torque, and pressure calibration service and more.

Electronics

Digital Amplifiers

Digital Indicators

Customized Solutions

At Group Four we thrive off of the innovation of our customers. We offer customized solutions to your application needs. Contact one of our sales representatives to discuss your specific application.
