

Made from stainless steel, this weigh module using a rocker pin design with uplift protection as well as the optional lateral/anti-sway protection, makes this an ideal solution for weighing tanks, bins and hoppers.

FEATURES

- Capacity range: 500lb to 5,000lb
- Stainless steel construction
- Environmental Protection IP68
- Designed for easy installation
- Low profile design
- Optional anti-sway design feature

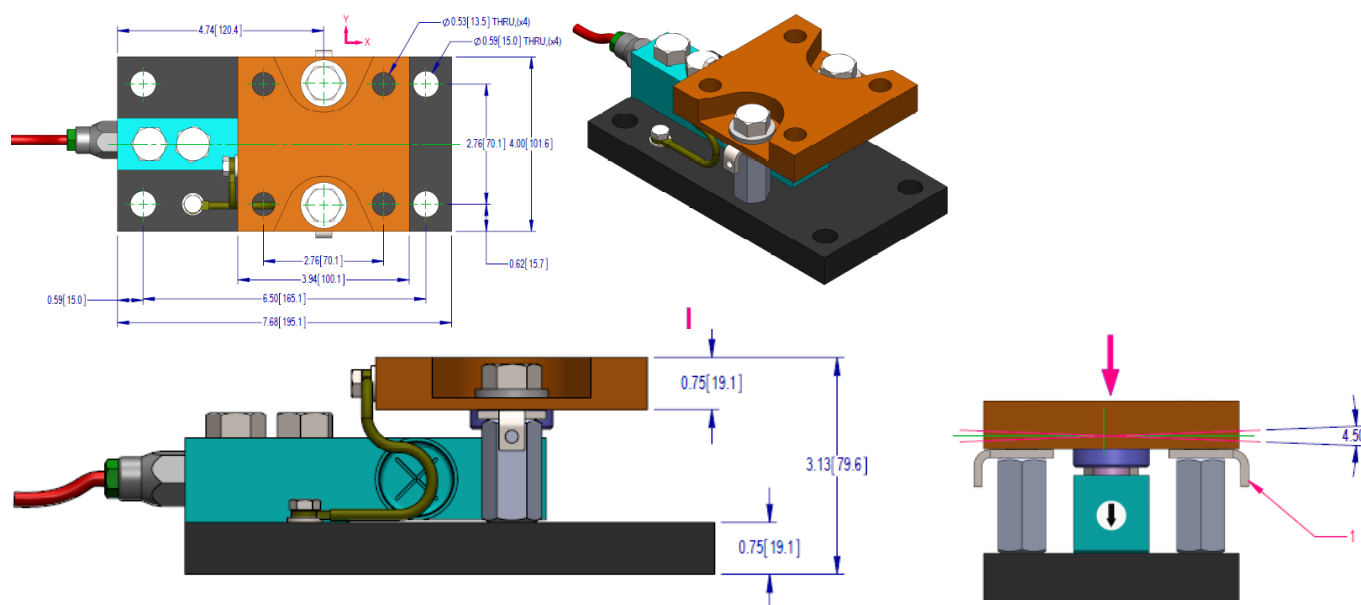

APPLICATIONS

- Primarily designed for use in hopper, mixer and platform scale applications

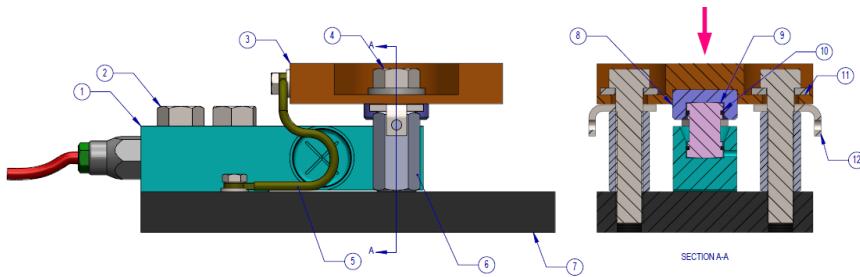

OPTIONS

- Check link with anti-sway protection
